WELCOME

8TH ALEXANDRIA OPHTHALMOLOGY SUMMIT

AOS 2026

Dear Professors, Colleagues and Friends,

After the pioneering success stories of Alexandria Ophthalmology Summit
2018, 2019, 2021, 2022, 2023, 2024 and 2025

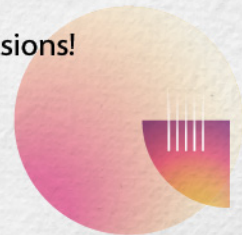

Alex Ophthalmology Summit Board is honored to announce the long-awaited the 8th Alex Summit 2026!

We cordially welcome you to the 8th Alexandria Ophthalmology Summit
which will be held from 23-25 September 2026, at Radisson Blu AlexWest Alexandria, Egypt
This is an exceptional opportunity to share experience, knowledge & develop skills as well as enjoy the
magnificent socialization among regional eye surgeons.
Our program and agenda are full of brand new topics and interesting sessions!

SPEAKERS INSTRUCTIONS

CONGRESS HALLS WILL BE EQUIPPED WITH:

Two Laptops: One Apple Mac & one PC with Microsoft Windows 11 and Microsoft Office 2019.
Internet access will NOT be available inside the meeting rooms.

TO ENSURE THAT THE MEETING PROGRESSES SMOOTHLY, PLEASE STICK TO THE FOLLOWING INSTRUCTIONS:

- All presentations should be recorded on a USB flash memory (Preferred).
- Please save presentations in PowerPoint 2007 or later format for PC & Keynote for Apple.
- Upload your presentation early to the Audiovisual Center (RM Events) as we will load the presentations to the hard drive of our systems before the sessions by one hour.
- No personal laptops are permitted for presentations.
- In case you have problems with your presentation(s), please do not hesitate to contact the IT support team (RM Events).

Computerized Count-Down TIMER

Will monitor speakers' time

So make sure to present during the given time,
as **NO EXTRA TIME IS ALLOWED**

23-25 SEPTEMBER

HALL
A

HALL
B

13:00

Welcome Reception & Registration

13:30 - 15:00

Course 1:
Chirurgie de la
Cataracte en 2026: Essentiels,
Pièges et Cas à Haut Risque

13:30 - 15:00

Course 2:
Interpretation of
Visual Field

15:00 - 16:30

Course 3:
Glaucoma or
Pseudo-Glaucoma? A Practical
Neuro-Ophthalmic Approach

15:00 - 16:30

Course 4:
Myopia Control for
General Ophthalmologists

16:30 - 17:00

Coffee Break

17:00 - 18:30

Course 5:
A Comprehensive
Approach to
Binocular Diplopia

17:00 - 18:30

Course 6:
Ergonomics in Ophthalmic
Surgery: Practical Strategies
for Sustainable Surgical
Performance

18:30 - 20:00

Course 7:
When LASIK is Not
The Right Choice

18:30 - 20:00

Course 8:
Anti-VEGF Injections:
Comprehensive Approach

COURSES

13:00 | Welcome Reception & Registration

Hall A

Course 1: 13:30 - 15:00

Chirurgie de la Cataracte en 2026: Essentiels, Pièges et Cas à Haut Risque

Modérateur: Manar El Askary

- 13:30 Quand et comment décider d'une intervention chirurgicale
Hazem Kandil
- 13:40 Préparer le succès: Checklist des examens préopératoires en chirurgie de la cataracte
Ahmed Khattab
- 13:50 Choisir la bonne LIO et la bonne formule
Alaa El Zawawi
- 14:00 Reconnaître et gérer les cas à haut risque
Manar El Askary
- 14:10 Complications peropératoires – Gardez votre calme
Karim Gaballah
- 14:20 Problèmes postopératoires qui compromettent les résultats
Monsef Kharboush
- 14:30 Cataracte et décollement de la rétine
Mohamed Ragab
- 14:40 Discussion

COURSES

Hall B

Course 2: 13:30 - 15:00

Interpretation of Visual Field

Moderator: Esraa Osama Ahmed

- 13:30 Visual field basic concepts & principles
Esraa Osama Ahmed
- 13:40 Interpretation of visual field print out
Asmaa Essam
- 13:50 Mild and moderate glaucomatous field defect
Asmaa Essam
- 14:00 Visual field in advanced glaucoma
Mohammed Saad Morsy
- 14:10 Beyond the eye: A practical approach to neurological visual field defects
Fakhira Ismail
- 14:20 How to detect progression
Ahmed Hossam
- 14:30 Visual field cases: Correlation with OCT RNFL
Esraa Osama Ahmed
- 14:40 Discussion

COURSES

Hall A

Course 3: 15:00 - 16:30

Glaucoma or Pseudo-Glaucoma? A Practical Neuro-Ophthalmic Approach**Moderator: Mai Abdelnabi**

- 15:00 Why this matters?
Manar El Askary
- 15:08 Discussion
- 15:10 Understanding true glaucoma: Structure and function
Ahmed Hossam
- 15:23 Discussion
- 15:25 Five red flags that suggest pseudo-glaucoma
Khaled Awed
- 15:38 Discussion
- 15:40 Neuro-ophthalmic mimickers
Mai Abdelnabi
- 15:53 Discussion
- 15:55 Beyond IOP: Investigating glaucoma and its mimickers
Hadeel Mohamed Jamil
- 16:05 Interactive case challenge: Glaucoma or pseudo-glaucoma?
Mai Abdelnabi
- 16:25 A practical diagnostic algorithm & take-home messages
Mai Abdelnabi

Hall B

Course 4: 15:00 - 16:30

Myopia Control for General Ophthalmologists**Moderator: Islam Shereen**

- 15:00 Diluted atropine drops: Efficacy and safety
Islam Shereen
- 15:15 Myopia control glasses: A Novel optical intervention
Amr Elkamshoushy
- 15:30 Other myopia control options: Ortho-K, RLRL, and beyond
Ali Gamal
- 15:45 Mix and match; Clinical scenarios from everyday clinical practice
Ahmad Alsanousy
- 16:00 Discussion

Course 5: 17:00 - 18:30

A Comprehensive Approach to Binocular Diplopia

Moderator: Eman Helmi Elmaghrabi

- 17:00 Diplopia; An introduction and overview
Eman Helmi Elmaghrabi
- 17:08 Field of binocular vision and postoperative diplopia
Amr Elkamshoushy
- 17:16 Assessing diplopia.. An orthoptist point of view
Lucinda Yang
- 17:24 Mysthenia gravis.. The great mimicker
Maha El Basha
- 17:32 Diplopia in thyroid eye disease
Omar Warda
- 17:40 Torsional component in binocular diplopia
Mostafa Azzab
- 17:48 Neurological causes of diplopia
Ahmad Alsanousy
- 17:56 Management and prism prescription
Eman Helmi Elmaghrabi
- 18:04 Case presentation and discussion with the panel
Mostafa Azzab
- 18:20 Discussion

COURSES

Hall B

Course 6: 17:00 - 18:30

Ergonomics in Ophthalmic Surgery: Practical Strategies for Sustainable Surgical Performance

Moderator: Ahmed Hatata

- 17:00 Ergonomics of the ophthalmic OR
Nihal Shakankiri
- 17:15 The physiology of surgical precision: Hand positioning, instrument control and breathing in ophthalmic microsurgery
Ahmed Hatata
- 17:30 An ophthalmologists guide to surgical loupes
Amr Elkamshoushy
- 17:45 Ergonomics in scleral buckling
Mostafa El Manhaly
- 18:00 Recent changes in ergonomics of vitreoretinal surgery: Effect of Heads up surgery
Ahmed Souka
- 18:15 Patient and surgeon ergonomics in LASIK surgery
Alaa Ghaith

COURSES

Hall A

Course 7: 18:30 - 20:00

When LASIK is Not The Right ChoiceChairpersons: **Ahmed Shama, Hazem Kandil**Moderator: **Abdullah Swelem**

- 18:30** Red flags in refractive surgery
Karim Gaballah (*Speaker*)
Zakaria Hassanin (*Host*)
- 18:45** Discussion
- 18:50** Crosslinking the thin cornea
Hany Helaly (*Speaker*)
Mohamed Mahdy (*Host*)
- 19:05** Discussion
- 19:10** When options are limited LASIK_Xtra becomes an option
Amr Abu Al-Khair (*Speaker*)
Abdullah Swelem (*Host*)
- 19:25** Discussion
- 19:30** Corneal wavefront-guided TransPRK in early ectasia:
Principles, protocols, and outcomes
Mazen Dowidar (*Speaker*)
Ahmed Shama (*Host*)
- 19:45** Discussion
- 19:50** Discussion

Hall B

Course 8: 18:30 - 20:00

Anti-VEGF Injections: Comprehensive ApproachModerator: **Ahmed Souka**

- 18:30** Updates on Anti- VEGF drugs
Mostafa El Manhaly
- 18:50** Evidence based management of DME
Ahmed Souka
- 19:10** Evidence based management of AMD
Ahmed Souka
- 19:30** Evidence based management of RVO

Polyfresh
NIGHT OINTMENT

White soft Paraffin 140 mg
Liquid Paraffin 30 mg
Lanolin Oil 30 mg

Lubricating Eye Ointment

FOR HEALTHCARE PROFESSIONALS ONLY

Knight OF night

When should it be used? Polyfresh Night Ointment provides strong soothing night time relief of dry eye sensations, as it acts as a barrier against moisture loss. Ideal for use at bedtime, Polyfresh Night Ointment provides soothing relief from the symptoms of dry eyes, such as soreness, irritation or a gritty sensation. Dry eye symptoms occur as a result of ocular surface disorders that can be caused by a number of different reasons where the natural tears are either of poor quality or produced in too little quantity to keep the eye sufficiently moist. There is no age restriction for using Polyfresh Night Ointment. Polyfresh Night Ointment may be used during pregnancy and breast-feeding.

Precautions and warnings: • Do not use if the cap of the tube is broken. Do not use if you are allergic to lanolin oils or any of the ingredients. Do not use with contact lenses. Do not share Polyfresh Night Ointment with any other person. Polyfresh Night Ointment can cause a transient mild burning sensation and or blurring of vision after application. Wait until your vision is clear before driving or using machinery. Do not use after the expiry date shown on the carton or printed on the crimp of the tube. Store between 2-30 °C. Discard the contents 30 days after first opening. Keep out of the reach and sight of children. External ocular use only, do not swallow. Dispose of the used tube according to your local waste management regulations. * Special precautions for storage: store at a temperature between -2 and 30 °C, in a cool, dry place, and after opening, to be used within 30 days.

Always read the full prescribing information.
Healthcare professionals are asked to report any suspected adverse reactions to Egyptian pharmacovigilance center (EPVC). E-mail ps.followup@edgypt.gov.eg . hotline 15501.
